In the year of 2002 the president orders all Americans between the ages of 18 and 25 to register for the draft immediately. Stan Bristol, a 20-year-old premedical student. This kid got arrested and was found guilty and sent to prison. I thought that it was wrong for the government to do that. The people of the U.S should have a choice too sign up or not.

I am saying that there should be no law or prison time if someone does not want to go in the military. If they are able to succeed at something else they should be aloud to do that. The government should not throw them in prison and waste tax payer's money.
